

Taekwondo Tournament Manager

How the System Works — A Walkthrough for Organizers

This document walks through what the tournament system looks like in practice — from the moment a coach registers an athlete, to payment, to the final bracket being posted. Access is limited to signed-in coaches and organizers only — there is no public or open access to any part of the system. No technical detail here — just what people will actually experience using it.

Who Uses the System

Coaches	Register their own athletes, submit payment for their chapter, and check their team's status.
Organizers	Review and approve payments, set up the tournament's divisions, and generate the brackets.
✨ Only coaches and organizers can sign in and use the system — there is no public or guest access.	

The Coach's Journey: Registering a Team

A coach signs in once, then registers every athlete on their team under their chapter's name.

Step 1 — Team Dashboard

The coach's home base after signing in

Chapter: Bacolod Taekwondo Club

Coach: Juan Dela Cruz

Athletes registered so far: 12

Maria Santos — Junior Female, 49kg division

Pedro Cruz — Cadet Male, 63kg division

[+ Add Athlete]

Step 2 — Add an Athlete

A simple form, filled out per athlete

Name, Age, Belt Rank, Height, Weight, ID Number

As the coach types the athlete's age and weight,

the system instantly shows:

"This athlete will compete in: Junior Female, 49kg"

[Save & Add Another] [Save & Done]

Step 3 — Pay for the Whole Team at Once

One payment covers the entire chapter's roster

Chapter: Bacolod Taekwondo Club

Athletes registered: 12

Total fee: ₱6,000

[Upload proof of payment]

Reference number: _____

[Submit for Approval]

Step 4 — Confirmation

The coach knows exactly where things stand

✓ Registration submitted for Bacolod Taekwondo Club

12 athletes registered

Payment status: Awaiting approval

"You'll be notified once approved. Brackets will be posted closer to the event."

✨ *Coaches never have to register each athlete's payment separately — one submission covers the whole team.*

The Organizer's Journey: Running the Tournament

Behind the scenes, the organizer approves payments and controls when brackets are drawn.

Step 1 — Approvals Queue

Every chapter's payment, waiting for a quick check

Bacolod TKD — 12 athletes — ₱6,000 — [View Receipt]

Iloilo Warriors — 8 athletes — ₱4,000 — [View Receipt]

[✓ Approve] [✕ Reject & Ask to Resubmit]

Step 2 — See Every Athlete, Instantly Sorted

One list, filterable any way the organizer needs

Filter by: Chapter | Weight Class | Age Group | Belt Rank

Showing: Junior Male, 55kg division (7 athletes)

Pedro Cruz — Bacolod TKD

Marco Reyes — Iloilo Warriors

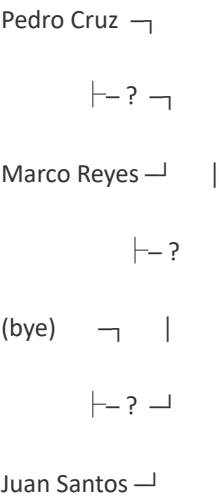

...

Step 3 — Draw the Bracket

One click generates a fair, random matchup

Division: Junior Male, 55kg — 7 athletes

[U0001F500 Re-shuffle] [✓ Finalize Bracket]

Step 4 — Enter Match Results as the Day Goes On

Simple tap-to-confirm, the bracket updates itself

Match: Pedro Cruz vs Marco Reyes

Winner: [Pedro Cruz ▼] [Confirm]

The winner automatically moves into the next round —

no manual redrawing needed.

✨ The organizer can re-shuffle a bracket as many times as needed before locking it in — nothing is final until they say so.

What Coaches Can See Beyond Their Own Team

After signing in, a coach can also browse the full athlete list and tournament brackets — useful for scouting who else has registered. This is only visible to signed-in coaches and organizers, never to the public.

Directory — Browse All Registered Athletes

A full directory, searchable and sorted A to Z (sign-in required)

Search: _____ Sort: A → Z

Filter by: Chapter | Weight Division | Age Group | Belt

Ana Reyes — Iloilo Warriors — Junior Female, 46kg

Carlo Santos — Bacolod TKD — Cadet Male, 45kg

Diego Cruz — Bacolod TKD — Junior Male, 51kg

...

Brackets & Schedule

Before the draw is finalized (sign-in required)

Division: Junior Male, 55kg

U0001F512 Bracket Pending

Draws will be posted once registration and
payment approval are complete.

Brackets & Schedule

After the organizer finalizes the draw (sign-in required)

Division: Junior Male, 55kg

[Full bracket tree, shown to signed-in coaches]

Match Schedule:

Pedro Cruz vs Marco Reyes — Court 2 — 9:00 AM

Juan Santos — advances automatically (bye)

✨ *This page updates itself as matches are played — coaches always see the current state of the tournament, live, once signed in.*

Why This Makes Tournament Day Easier

- Coaches spend less time on paperwork — one form per athlete, one payment per team.
- Organizers stop juggling spreadsheets — approvals, athlete lists, and brackets all live in one place.
- No more disputes over "who's in what division" — it's calculated automatically and shown to everyone.
- No more manually redrawing brackets on paper — one click generates a fair random draw, and it can be reshuffled freely until it's locked in.
- Access stays within the coaching community — every coach can check schedules and results from their phone, while the information stays off the open internet.

This is the experience the system is designed to deliver. Happy to walk through any part of it in more detail, or adjust the flow based on how your tournaments actually run.
